1. Overview

Key details

- Policy prepared by: Gary White
- Approved by Board/committee on: 31/05/2018

Introduction

To operate, SYO needs to gather, store and use certain forms of information about individuals. These can include members, employees, contractors, suppliers, volunteers, audiences and potential audiences, business contacts and other people the group has a relationship with or regularly needs to contact.

This policy explains how this data should be collected, stored and used to meet SYO data protection standards and comply with the General Data Protection Regulations (GDPR).

Why is this policy important?

This policy ensures that SYO

- Protects the rights of our members, volunteers and supporters
- Complies with data protection law and follows good practice
- Protect the group from the risks of a data breach

2. Roles and responsibilities

This applies to *all* those handling data on behalf of SYO e.g.:

- Committee members

- Members
- Contractors/3rd-party suppliers

It applies to all data that SYO holds relating to individuals, including:

- Names
- Email addresses

- Postal addresses
- Phone numbers
- Any other personal information held (e.g. financial)

Roles and responsibilities

SYO is the Data Controller and will determine what data is collected and how it is used. The Trustees / Committee are responsible for the secure, fair and transparent collection and use of data by SYO. Any questions relating to the collection or use of data should be directed to the SYO Committee.

Everyone who has access to data as part of SYO has a responsibility to ensure that they adhere to this policy.

- A member's name and contact details will be collected when they first join the group, and will be used to contact the member regarding group membership administration and activities. Other data may also subsequently be collected in relation to their membership, including their payment history.
 - Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to SYO completing tasks expected as part of the individual's membership).
- The name and contact details of volunteers, employees and contractors will be collected when they take up a position, and will be used to contact them regarding group administration related to their role.

Further information, including personal financial information and criminal records information may also be collected in specific circumstances where lawful and necessary (to process payment to the person or to carry out a DBS check).

- Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to SYO completing tasks expected as part of working with the individuals),
- An individual's name and contact details will be collected when they make a booking for an event. This will be used to contact them about their booking and to allow them entry to the event.
 - Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to SYO completing tasks expected as part of the booking),

b) We only collect and use personal data for specific, explicit and legitimate purposes and will only use the data for those specified purposes.

When collecting data, SYO will always provide a clear and specific privacy statement explaining to the subject why the data is required and what it will be used for.

c) We ensure any data collected is relevant and not excessive

SYO will not collect or store more data than the minimum information required for its intended purpose. E.g. we need to collect telephone numbers from members to be able to contact them about group administration.

d) We ensure data is accurate and up-to-date

SYO will ask members, volunteers and staff to check and update their data on an annual basis. Any individual will be able to update their data at any point by contacting the committee.

e) We ensure data is not kept longer than necessary

SYO will keep records for no longer than is necessary to meet the intended use for which it was gathered (unless there is a legal requirement to keep records).

The storage and intended use of data will be reviewed in line with SYO's data retention policy. When the intended use is no longer applicable (e.g. contact details for a member who has left the group), the data will be deleted within a reasonable period.

f) We keep personal data secure

SYO will ensure that data held by us is kept secure.

- Electronically-held data will be held within a password-protected and secure environment
- Passwords for electronic data files will be re-set each time an individual with data access leaves their role/position
- Access to data will only be given to relevant trustees/committee members/contractors where it is clearly necessary for the running of the group.

4. Individual Rights

When SYO collects, holds and uses an individual's personal data that individual has the following the rights over that data. SYO will ensure its data processes comply with those rights and will make all reasonable efforts to fulfil requests from an individual in relation to those rights.

Individual's rights

- *Right to be informed:* whenever SYO collects data it will provide a clear and specific privacy statement explaining why it is being collected and how it will be used.
- *Right of access:* individuals can request to see the data SYO holds on them and confirmation of how it is being used. Requests should be made in writing to the committee and will be complied with free of charge and within one month. Where requests are complex or numerous this may be extended to two months
- *Right to rectification:* individuals can request that their data be updated where it is inaccurate or incomplete. SYO will request that members, staff and contractors check and update their data on an annual basis. Any requests for data to be updated will be processed within one month.

- *Right to object:* individuals can object to their data being used for a particular purpose. SYO will always provide a way for an individual to withdraw consent in all marketing communications. Where we receive a request to stop using data we will comply unless we have a lawful reason to use the data for legitimate interests or contractual obligation.
- *Right to erasure:* individuals can request for all data held on them to be deleted. SYO's data retention policy will ensure data is not held for longer than is reasonably necessary in relation to the purpose it was originally collected. If a request for deletion is made we will comply with the request unless:
 - There is a lawful reason to keep and use the data for legitimate interests or contractual obligation.
 - There is a legal requirement to keep the data.

Right to restrict processing: individuals can request that their personal data be 'restricted' – that is, retained and stored but not processed further (e.g. if they have contested the accuracy of any of their data, SYO will restrict the data while it is verified).

5. How we get Consent

For all data not associated with membership, SYO will regularly collect data from consenting supporters for marketing purposes. This includes contacting them to promote performances, updating them about group news, fundraising and other group activities.

Any time data is collected for this purpose, we will provide:

- A method for users to show their positive and active consent to receive these communications (e.g. a 'tick box')
- A clear and specific explanation of what the data will be used for (e.g. 'Tick this box if you would like SYO to send you email updates with details about our forthcoming events, fundraising activities and opportunities to get involved')

Data collected will only ever be used in the way described and consented to (e.g. we will not use email data to market 3rd-party products unless this has been explicitly consented to).

Every marketing communication will contain a method through which a recipient can withdraw their consent (e.g. an 'unsubscribe' link in an email). Opt-out requests such as this will be processed within 14 days.

Data retention policy

1. Overview

Introduction

This policy sets out how SYO will approach data retention and establishes processes to ensure we do not hold data for longer than is necessary.

It forms part of SYO Data Protection Policy.

Roles and responsibilities

SYO is the Data Controller and will determine what data is collected, retained and how it is used. The trustees/committee are responsible for the secure and fair retention and use of data by SYO. Any questions relating to data retention or use of data should be directed to the committee.

2. Regular Data Review

A regular review of all data will take place to establish if SYO still has good reason to keep and use the data held at the time of the review.

As a general rule a data review will be held every 2 years and no more than 27 calendar months after the last review.

Data to be reviewed

- SYO stores data on digital documents (e.g. spreadsheets) stored on personal devices held by committee members, on administrative websites and on Dropbox.
- Physical data stored at the homes of committee members

Who the review will be conducted by

The review will be conducted by the committee as decided at the time of the review.

How data will be deleted

- Physical data will be destroyed safely and securely, including shredding.
- All reasonable and practical efforts will be made to remove data stored digitally.
 - Priority will be given to any instances where data is stored in active lists (e.g. where it could be used) and to sensitive data.
 - Where deleting the data would mean deleting other data that we have a valid lawful reason to keep (e.g. on old emails) then the data may be retained safely and securely but not used.

Criteria

The following criteria will be used to make a decision about what data to keep and what to delete.

Question	Action	
	Yes	No
Is the data stored securely?	No action necessary	Update storage protocol in line with Data Protection policy
Does the original reason for having the data still apply?	Continue to use	Delete or remove data
Is the data being used for its original intention?	Continue to use	Either delete/remove or record lawful basis for use and get consent if necessary
Is there a statutory requirement to keep the data?	Keep the data at least until the statutory minimum no longer applies	Delete or remove the data unless we have reason to keep the data under other criteria.
Is the data accurate?	Continue to use	Ask the subject to confirm/update details
Where appropriate do we have consent to use the data. This consent could be implied by previous use and engagement by the individual	Continue to use	Get consent
Can the data be anonymised	Anonymise data	Continue to use

Statutory Requirements

Date stored by SYO may be retained based in statutory requirements for storing data other than data protection regulations. This might include but is not limited to:

- Gift Aid declarations records
- Details of payments made and received (e.g. in bank statements and accounting records)
- Trustee meeting minutes
- Contracts and agreements with suppliers/customers
- Insurance details
- Tax and employment records

3. Other data retention procedures

Mailing list data

- If an individual opts out of a mailing list their data will be removed as soon as is practically possible.
- All other data will be stored safely and securely and reviewed as part of the next two year review

- All other data will be stored safely and securely and reviewed as part of the next two year review

Other data

- All other data will be included in a regular two year review.
